

PROJECT IDEAS

We would love if your group was able to propose a project that could impact your neighborhood and community. Below are a couple ideas to choose from. Our goal on this Serve Day is to not just do good deeds, but to share the Gospel as well.

- Build a “Little Free Pantry”.
- Host a free carwash.
- Help a neighbor with landscaping or basic needs.
- Do a prayer walk in your neighborhood. Stop and talk to those who are outside.
- Call a non-profit and see if you can host a class or help with any projects they might have.
- Pass out drinks and treats on the trails around Lincoln.
- Host a “Morning Meet & Greet” in your neighborhood and invite all your neighbors to enjoy donuts and coffee and play games together.
- Host a free Garage Sale or donate proceeds to a local non-profit.
- Do a park outreach and bring fun games and treats to a park and pass out to those who are around.

SHARE THE GOSPEL

Be Prepared: You have been given the role of being a messenger. You are not a salesman nor someone who needs to convict anyone. The Spirit will take care of all of that. As ambassadors for God, it is necessary for us to understand the basic elements of the Gospel if we are to share it with others. Can you explain why the Gospel is good news? If not, figure this out before you go.

Be Authentic: Once you figure out what the Gospel is, now you can make it relatable by sharing your testimony within it.

Your Testimony: Let's be honest, no one really cares to hear your *entire* life story. Because of this, it is important to keep your testimony short and to the point. Since your context will determine the length of time you have, figure out a 15 second, one minute and four-minute version of your testimony. To help you structure this, answer these three questions...

- What was life like before you accepted Christ? (A sinner in need of a savior)
- Why did you choose to put your trust in Christ? (Only Jesus has the power to save)
- How has life changed since accepting Christ? (Explain how God is continually transforming your Life)
